

2021 GNSS Courses for Engineers and Technical Professionals

November 2-5, 2021 ♦ Taught Remotely

"The video quality was excellent; I am very pleased with the Webex platform. I don't feel as though going through the course remotely had any negative impact. It was still very personal, easy to ask questions, and I enjoyed the banter over coffee in the morning even if we were all scattered across the world. Mr. Boynton, Ms. McDonald, and Dr. Hegarty were so friendly and welcoming. This was such a great experience." — Shealyn Greer, Trident Research (July 2020)
